

# Don't Major on Minors

Dr. Phil Wilkes

February 25, 2018

Sermon Audio file

The Apostle Paul writes to the Colossian believers to encourage them and us to remain focused on Jesus Christ as our salvation. There were false teachers in Colossae claiming to have special revelation and secret knowledge that somehow makes them more important. They advocated rules keeping and mystical experiences that they claimed made them more spiritual than others.

Through the centuries there have always been threats to the gospel of Jesus Christ and salvation by faith alone. By applying the truths of Colossians 2 in your life you will safeguard your faith and relationship with the Lord Jesus. You don't need special revelations, don't need to keep a lot of rules or physically punish your body to be more spiritual.

This message of Paul counters the heresy of the false teachers. There will always be counterfeit religion. Guard your heart with God's word. Cling to Jesus each day and you will grow in faith and mature as one of God's servants.
