On Friday the disciples who had been with the Lord for three years now was confused and scared. They believed Jesus was the Son of God. But they didn't fully grasp what Jesus would do for them and us. Jesus allowed others to crucify him to be the final sacrifice for our sins.

But on Sunday, everything changed. There's rumors that Jesus is not in the tomb. Two disciples go to find out. Women approached the tomb and are confronted by an angel declaring Jesus is Alive. That changes everything.

Jesus defeated death and broke the power of sin. Never again do you have to face life alone. You don't have to try being good, hoping your good deeds outweigh the bad ones, so you can enter heaven. Jesus paid the price of your sins with his own blood.

The good news of the gospel is Jesus is alive and he will forgive anyone who comes to Him for a new life. The empty cross, the abandoned grave clothes and a tomb with no body all point to Jesus Christ as our Savior and Messiah.
