

# We Laugh

Dr. Phil Wilkes

May 20, 2018

Sermon Audio file

There are two types of people in the world. One group can be labeled as "YOJ" people. The second group is labeled "JOY" people. What's the difference? It comes down to who you live life for, you or Jesus. A "YOJ" is a person who has the priority of Yourself, Others, Jesus. A "Joy" person has different priorities. Jesus, Others, Yourself. The second group will experience God's Joy in their lives as they go through their day. This Joy is not dependent on favorable circumstances, having a lot of money, having the dream job or any other external factor.

This Joy comes from keeping in step with the Holy Spirit. God did not design the human body to live under anxiety and stress. They do bad things to health and attitude.

Instead, God wants to infuse us with his JOY. So, which are you? A "YOJ" or a person of "JOY"? It really makes a difference in life. Choose wisely.
