

Watch the Sunset

Dr. Phil Wilkes

July 15, 2018

Sermon Audio file

Have you ever spent a week at the lake? As the sun starts going down, you notice the water is becoming smooth like glass. The lake reflects the sky and clouds. It's a relaxing time. Watching the sunset. Reflecting on the blessings you have received. Being reminded that all of creation points to the glory of God.

Stopping to watch the sunset over the lake allows you the opportunity to also reflect on God's many promises to us. If God has the power to create the universe and everything in it, just imagine all he can do in your life through faith in Jesus Christ.

It's important to take time to reflect on who God is and his promises to us, starting with sending his own son Jesus to be our Savior. What are some of God's promises that you have experienced? How did they draw you closer to Christ? Who do you know that needs to be reminded that God's promises are "Yes" in Jesus Christ.?
